

High Tech Energy: Pioneering Solar Energy Solutions

Welcome to High Tech Energy, your partner in building a sustainable future with cutting-edge solar energy solutions. We are passionate about harnessing the power of the sun to power homes and businesses, reducing our reliance on fossil fuels and creating a cleaner, greener world.

Building a Sustainable Future, One Project at a Time

Residential Solar

We offer customized solar panel systems to meet your unique energy needs and budget.

Commercial Solar

We partner with businesses to implement large-scale solar projects, reducing operational costs and carbon footprint.

Community Solar

We empower communities to access clean energy through shared solar arrays, making renewable energy accessible to all.

Your Sustainable Energy Partner

Sustainable

We are committed to environmental responsibility and minimizing our carbon footprint.

Innovative

We leverage cutting-edge technology and research to deliver efficient and reliable solar solutions.

Collaborative

We believe in working closely with our clients to develop personalized solutions that meet their specific needs.

Our Commitment to Sustainability

1

We source our solar panels from reputable manufacturers with a strong commitment to sustainability.

2

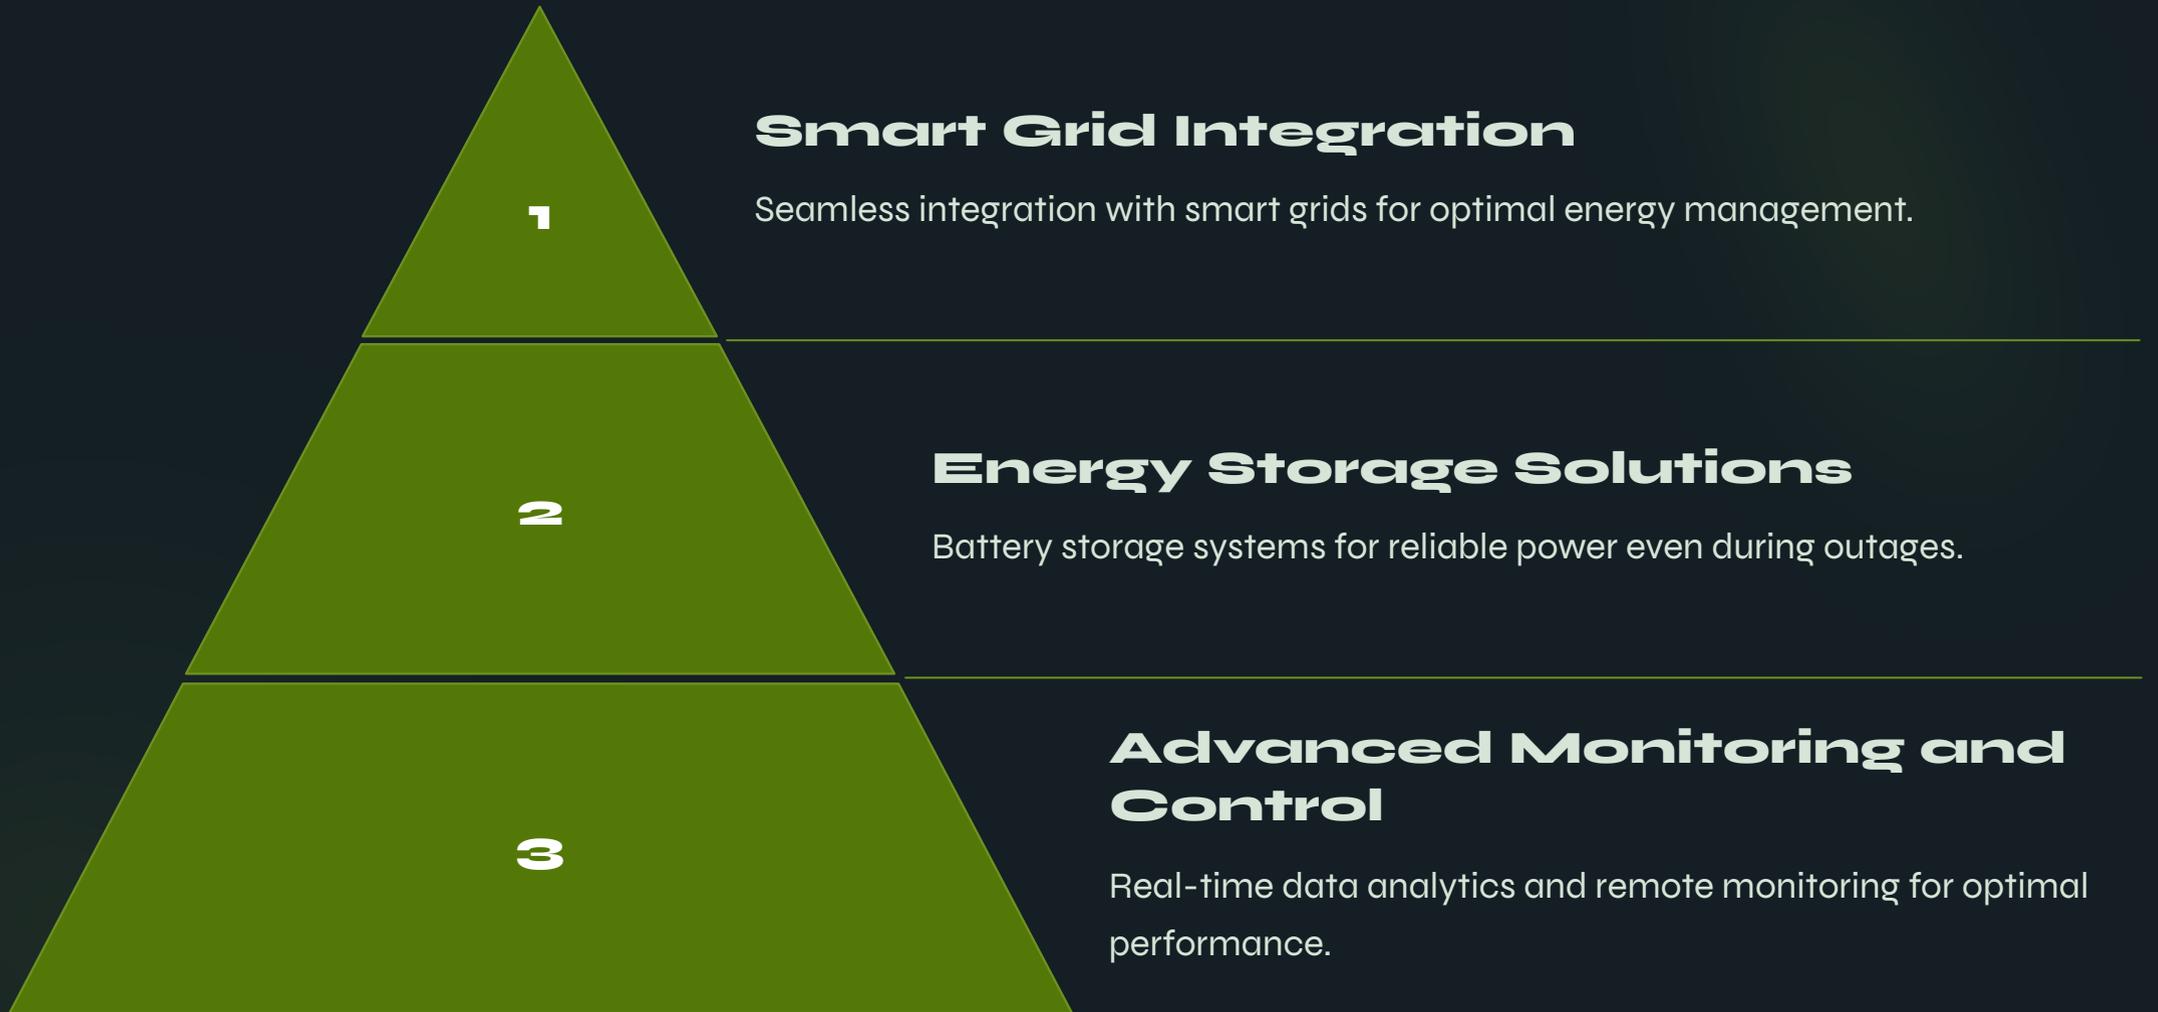

We offer comprehensive recycling programs to minimize waste and ensure the responsible disposal of solar components.

3

We engage in community outreach programs to educate and promote awareness about the benefits of solar energy.

Beyond the Basics

Powering a Sustainable Future

1

Residential

Power your home with clean and affordable solar energy.

2

Commercial

Reduce energy costs and enhance your environmental footprint.

3

Community

Empower your community with accessible renewable energy.

Let's Build a Brighter Future Together

Join us in creating a world powered by the sun. Together, we can build a brighter, more sustainable future for generations to come.

Our Solar Project Portfolio

Bitola, Novaci
55MW

Okta Refinery
12.5MW

Stip, Sarcievo
1585,08 kW

Our Solar Project Portfolio

**Skopje, Petrovac
3MW**

**Sveti Nikole,
Nemanjitsa
703kW**

**Sveti Nikole,
Nemanjitsa
1585,08 kW**

Our Solar Project Portfolio

Probistip
2 MW

Kumanovo
1 MW

Skopje, Petrovec
737 kW

Our Solar Project Portfolio

**Bitola, Strezevo,
499,2 kW**

**Resen, Sopotsko
2 MW**

**Bitola, Novaci
979 kW**

Our Solar Project Portfolio

**Konce, Radovis,
331 kW**

**Resen (Ongoing)
1,9 MW**

**Kumanov
1.1 MW**
